It is proposed to obtain information reg. the past service of the ex-State officers (except the ex-Baroda officers, information in refece. of them is available with the A.G.) as per draft circular put up within. The original papers on the subject were refd. u.o. to the A.G. and the P.& S.D. on the 5-11-50 and they have not yet been received back. As the initial pays of the ex-State officers absorbe in the P.& S.D. are required to be fixed as early as possible. The draft circular on page 5 ante may issue without waiting for the return of the original papers. If any suggestions are made by the A.G. and the P.& S.D. on the original papers supplementary or orders will be issued.

It is very unfortunate that the draft circular referred to A.g. by this Deptt. on the 5/11/50, for suggestions, has still not been forwarded by the A.G. (as informally ascertained) to the P. & S. D. As however the matter is very urgent, it is proposed to call for the information, without waiting for their remarks.

No.CHL/244 of 44. Revenue Minister's Office.
29th June 1944.

Note for Council.

Copy of the C.E.'s letter No.RHE/17/3009 of 1944, dated the 23rd June 1944 to the Revenue Minister, Kolhapur re: Leave to Mr. P.R. Joshi, Ex. Engineer.

" I have the honour to state that Mr.P.R.Joshi, Ex. Engineer, R.H.E. Works, Dn. has applied for leave on average pay for one month from 1st July 1944 to enable him to attend his domestic affairs. The leave will be sanctioned by me after ascertaining the title to leave, from the A.G.Bombay.

During the absence of Mr. Joshi, on leave, I propose Mr.V.R.Kulkarni, B.E. Asstt. Engr. and Personal Asstt. to the C.E. to take over charge of the R.H.E. Wks. Dn. He is an Engineering graduate of nearly 18 years standing and the senior most Asstt. Engr. in the state P.W.D. As P.A. in this Office, he is already in touch with the R.H.E works and should therefore, find no difficulty in conducting the Dn. during Mr. Joshi's short absence on leave.

In place of Mr. V.R. Kulkarni, I would suggest that Mr. D.S.Joglekar, D.C.E may be appointed to officiate as P.A. to the C.E. Mr. Joglekar having joined the State service from the commencement of the R.H.E. Works and having all along shared the technical and Administrative work with my P.A. he is throughly conversant with the duties of the Posts. In Mr. Joglekar, I have found that he posses comprehensive grasp of all the features of the P.W.D. and R.H.E Works and has the capacity for putting up technical and Administrative notes and drafts. He is intelligent, hard working

and.....

and has the requisite sense of responsibility. He is sufficiently senior and in view of his merits, I consider him to be very suitable to officiate as Asstt. Engr. and hold charged of the PA.. during the absence of Mr. Kulkarni.

I would, therefore, request you to kindly obtain the sanction of the Council to the above proposal at an early date.

Note for the Council.

Under G.R.R.D. 912 dated 2.12.44 Mr. V.R.Kulkarni, was appointed as Additonal Engineer, Road Project Dn. There is no additional Engineer's grade in the P.W.D.. This requires to be amplified as "Additional Executive Engineer".

2. The G.R.R.D.No.315 dated 20.4.45 sanctioned the creation of second Road Project Dn. to complete survey work as quickly as possible debiting the expenditure of both the Road Project Dn. from the Road Fund.

3. The C.E. suggests that the additional Engineer, Mr.V.R. Kulkarni, should be appointed as Additional Ex. Engineer in modification of the G.R. R.D. No.912/2.12.44 on Rs.250/- p.m. with P.T.A. of Rs.150/-p.m. He should hold charge of the 2nd Road Project Dn., sanctioned under the G.R.R.D.No.315 of 20.4.45 so also the requisite staff should be sanctioned for the 2nd Road Project Division.

RESOLUTION.

(A) In modification of the G.R.R.D.912 of 2.12.44 Mr. V.R. Kulkarni is appointed as additional ~~Engineer~~ Executive Engr, on Rs.250/- with P.T.A. of Rs.150/-p.m from 2.12.44 and he should hold charge of the Second Road Project Dn sanctioned under G.R.R. D315 of 20.4.45.

1) Leave of 25 days to Mr. M.A.Mujumdar Ex. Engr. Irrigation Dn. and his resignation at the end of the same.

2) Proposed arrangements during the leave period of Mr. Mujumdar and thereafter.

Note for the Council.

1. In his letter No.IRN/17/1744 dated 7th Sept.1945, Mr. A. M. [illegible] has tendered his resignation, and in a subsequent letter No.IRN/17/1914 dated 6th October 1945 he has applied for leave of 25 days prior to his leaving the job, on the ground that his health does not allow him to do any strenuous work.

2. The leave of 25 days with effect from 1st Dec.1945 may be granted and his resignation accepted at the end of the said leave. The following arrangement is proposed to stand during the leave period of Mr. Mujumdar and thereafter.

3. The C. E. proposes that Mr. V.B. Kulkarni, Ex.Engr. Road Project Dn. No.2 should be transferred to hold charge of the Irrigation Dn. vice Mr. M.A. Mujumdar. Mr. Kulkarni is the only officer who could be recommended for the job as he has worked on the scheme when he was a P.A. to the C.E.. It is also proposed that Mr.Kulkarni should work with Mr. Mujumdar for one month with a view to pick up work and get himself conversant with all the details of the scheme.

4. Mr. Kulkarni should work as an additional Ex.Engr. Irrigation Dn. for a period of one month till Mr.Mujumdar is relieved and his pay, P.T.A. during that period will be debitable to the Emergency Irrigation Scheme. Sanction may be given to debit the salary of the additional Executive Engineer to the E. I. Scheme as there will be 2 Ex. Engr. in the Irrigation Dn. till Mr. Mujumdar is relived.

Submitted with ref. to G.C., P.W.D. No.2748/48, dated the 1-12-50.

2. The question now for consideration is regarding the grant of a certificate as required under Rule 2(b) of the rules for Fixation of Pay & Seniority of State Servants contained in G.R.,P.&S.D.,No.2735/46-II, dated the 20-5-49, in respect of the ex-State Officers absorbed in this Deptt. The question of issuing a requisites certificate in respect of the ex-Baroda State officers absorbed in this Deptt. has already been taken up in file No.969/36(2) which is under submission. The question of issuing similar certificate in respect of the officers of the other states is dealt with in the following paras.

3. On the basis of the information furnished by the local officers a statement showing the posts held by the officers of the merged States except the Baroda State in their respective.....

respective States, the scales of pay attached to the posts and the posts under this Govt. in which they are absorbed has been prepared and put up within. The information re: the exact nature of the duties and responsibilities these officers were required to carry out in their States is not available but from the nature and status of the posts held by them, the pay-scale sanctioned for them and the si size of the States, the nature of duties and responsibilities these officers had to bear in their respective States can be gauged. From the statement it will be observed that the scales of pay sanctioned for the posts held by these officers in the merged States are lower tha those sanctioned for the posts in this Deptt. in which they are absorbed. It may be stated that generally the pay-scales sanctioned for all categories of officers in the merged States except the Baroda State were lower than those sanctioned for the corresponding officers in the Bombay State. It, therefore, appears that the posts in the merged States held by them, cannot, as a general rule, be considered as of lower status than those in which they are absorbed only because of the pay-scales of the former posts are lower than those of the latter. It may however, be stated that the posts of Ex. Engrs. in the late Kolhapur State cannot be considered as on par which those of the Ex.Engrs, in the Bombay State, especially in view of the fact that on the absorption of the Kolhapur State one Divisional charge under Ex. Engr. is created for the management of P.W.D. works in that area as against three Ex.Engr's charges in that State. Only the post of State Engr., Kolhapur, can be considered as equivalent to the post of an Ex.Engr. in this Deptt. In the circumstances it appears that the responsibilites attached to the posts in the merged States mentioned in col.2 of the sub-joined statement can be considered as not less than those attached to the posts in this Deptt. mentioned against them in col. 3 and if this is approved, a certificate to that effect may be given after u.o.r. to the P. & S.D. and the F.D.

Finance Department (XIII).

Please see the P.W.D. note dated 27th July 1951.

2. In the case of the officers borne on the late Baroda Engineering Service, the P.W.D. had proposed - and the P. & S.D. & F.D. have suggested to the proposal - that a certificate should be issued to the effect that the responsibilities attached to the following posts are not less than those attached to the posts in B.S.E Class II and Class II posts mentioned against them:-

Post in Baroda Engineering Service		Posts in B.S.E of corresponding responsibilities	
Designation	Pay Scale	Designation	Pay scale
Suptdg.Engr.	800-75/2-1100	Ex.Engr.	Rs. 500-1100
Ex. Engr.	625-75/2-900		
Asstt. Engr.	400-50/2-600	Dy. Engr.	" 220-650.
Sub. Engr.	200-25/2-400		

It seems that in a case like this we should not be guided merely by pre-merged designation or pay of the officer concerned but should guided by the responsibilities he held as can be judge from the area of his jurisdiction. The following remarks are accordingly offered on the proposal made by the P.W.D.

State Engineer, Kolhapur: The proposal to equate his responsibilities with those of an Ex. Engr. seems to be reasonable and may be agreed to.

State Engineer, Sangli: Sangli was only about a third of Kolhapur in area. Accordingly, if the responsibilities of the State Engr., Kolhapur, are to be treated as equal to those of an Ex. Engr., it would not be correct to treat the State Engr., Sangli, as anything more than a Dy. Engr. We may, therefore, suggest that the certificate to be issued to him may be that his responsibilities were equal to that of a Dy. Engr.

Ex. Engineer, Kolhapur: The proposal to equate his responsibilities with those of a Dy. Engr., may be agreed to.

Asstt....

Asstt. Engr., Kolhapur: For obvious reasons we cannot assume that the post of Ex. Engr. and Asstt. Engr. carried equal responsibilities. F.D. may suggest that no such certificate as proposed by the P.W.D. need be given to these officers, as the most we may treat them as carrying responsibilites equal to those of an Overseer.

Asstt. Engr. Sangli: His case is analogous to that of Asstt. Engrs., Kolhapur. F.D. may suggest that the responsibilities attached to his posts may be equated to those of an overseers.

State Engineers, Jamkhandi, Bhor, Ramdurg and Phaltan: The area commanded by these states was as shown below:

Name of the state	Area in Sq.Miles
Jamkhandi	524
Bhor	910
Ramdurg	160
Phaltan	397

Of the four states mentioned above, the last two were not bigger than a taluka each. It will not therefore be correct, it seems, to equate their charges with that of a Dy. Engr. who are expected to be in charge of much heavier charges. F.D. may, therefore, suggest that a certificate on the lines proposed by the P.W.D. may be given to State Engrs., Jamkhandi and Bhor only, the responsibilities of the other two officers being equated to that of an Overseer.

Rajpipla State: The state commanded an area of about 1517 sq. miles and is comparable to Sangli with an area of 1136 sq.miles. We may therefore agree to the issue of the proposed certificate to the Ex.Engr. as regards the Asstt. Engr., we may suggest that as in the case of Asstt. Engr., Sangli, he may be deemed to have carried responsibilities equal to those of an Overseer.

Chief Engineer, Janjira State: The State had an area of only 379 miles and is comparable to Phaltan. F.D. may suggest that the responsibilities of this officer may be considered as equal to only those of an Overseer.

2. The P. & S.D. has agreed to our proposals to equate the responsibilities attached to the posts in the merged States with those attached to the posts in this Deptt. a indicated in the statt. in the concluding portion of para 3 of the office note dated 27-7-1951. The F.D., however, does not agree to equate the responsibilities attached to the posts in the merged States mentioned in col. 2 of the sub-joined statt. with tose attached to the posts in this Deptt. mentioned against them in col. That Deptt. states that the responsibilities attached to the posts in the merged States may be considered as equivalent to those of the posts of this Deptt. mentioned in col. 4 of the ~~sbxbxx~~ statt.

3. The F.D's conclusions are mainly based on the area or of the size of the merged State. It appears that in such cases it would not be correct to assess the responsibilities of an officer solely on the basis of the area of his jurisdiction. In the case of Engrg. officers the area under jurisdiction is of less importance than the nature ~~xxxxx~~ of the.....

of the duties and the amount of work they are required to carry out for assessing their responsibilities. For example, the jurisdictions of the Dy. Engrs. i/c of a Sub-Dns vary from a taluka to a group of few works in a concentrated area or even to a single big work and yet their responsibilities are considered as equal. The pay-scales, whether the ~~xxxxx~~ merged States or in this State, are ~~xxxxxx~~ also mainly fixed on the basis of the nature of duties and the amount of work the officers are required to carry out. The pay scale can, therefore, be taken as ~~xx~~ indicator of the responsibilites the officers are of were required to carry out. The Engrg. officers in the merged States were required to carry out various kinds of duties and the work in the State, there being few officers in each State. The small States like Janjira, Phaltan, Ramdurg had each only one Engr. and he was required to carry out all kinds of P.W.D. works in the State, viz., Roads, buildings, Irrin., water supply, etc. and had to do the administrative work also. An Overseer in the P. W. D. is normally in charge of one kind of work in a ~~xxxxxx~~ limited area and is ~~xxx~~ not required to do any administrative work. It would not, it appears, therefore be correct to equate the responsibilities of the State Engrs in question with those of Overseers in this Deptt. The same principales ~~xxxxx~~ hold good in equating the responsibilities of (i) the State Engr., Sangli and of (ii) the Asstt. Engrs. Sangli and Kolhapur with those of (i) Ex. Engr. and (ii) Dy. Engr., respectively, in the P. W. D. In the circumstances the F.D. may be requested U.O. again to reconsider its view and agree to our proposal.

Id/- 18-9-51.

I think P.W.D. is in a better position to assess correctly the responsibilities and status of the Engineering posts in the merged States. ~~X~~ F.D. may be requested to reconsider. C.E

~~xx/-~~ 19.9.51. ~~xx/-~~ 19.9.51.

I/-19.9.51.

U.O.N. to the F.D. dated 20-9-51.

It is not disputed that the P.W.D. is in a better position to assess the responsibilities and status of the Engineering Officers of the former States. What F.D. wants to ensure is that we are not carried away by the mere pompous designations or pays of the officers but be more logical in the issue of these certificates which confer certain financial rights on the officers concerned.

2. It is respectfully submitted that the P.W.D. has not tried to explain some of the apparently illogical aspects of its proposals. For example, it is proposed to give Asstt. Engr., Kolhapur, the same certificate as is being given to the Ex. Engr. of the same State. Are we to assume that the responsibilities attached to the post of Ex. Engr. and those attached to the post of Asstt. Engr. were equal or that they were performing similar duties? Similarly, are we to assume that the responsibilities of the State Engr. Sangli were equal to those of the State Engr. Kolhapur -a state thrice as big as the former and so spending nearly thrice as much as the former on works? The P.W.D. does not seem to have considered these implications of its proposals.

3. Though in the O.M. dated 21.8.1951, a reference to the size of some of the smaller states was made, it is not intended to suggest that the area of the jurisdiction should be sole criterion in assessing the responsibilities of the officers. As pointed out by the P.W.D., in the ultimate analysis the responsibilities of an Engineering Officer depends the number of works under him, but the fact remains that the spending capacity of a state depends upon its revenue which again is dependent upon its revenue which again is dependent upon the size of the state. Though, therefore, the size of the state is not the sole deciding factor it does give some idea of the responsibilites of the Engineering Officer in charge of its works. In the case of the three smaller states viz. Nandurg, Phaltan and Jamkhandi which were of the size of a single revenue taluka each, though we have no knowledge as to how much they were spending.....

Also annually on work, judging from the revenue of the States which might not have been more than a few lakhs, they could not have spent more than a few tens of thousands on their works. These cannot it seems, be regarded as a Dy. Engineer's responsibilities. The P.W.D. may, therefore, be requested to consider the whole question in the light of these remarks as also the implications pointed out in para 2. above.

4. Incidentially, the argument that the pay scales of the officers can be relied upon for assessing their responsibilities does not seem to be quite convincing. The following table will show the extent to which the pay scales of Chief Engrs. or State Engineers of States of comparable size differed.

State Engr., Dungarpur	Rs.100-5-150-10-175
State Engr. Phaltan	200 (fixed)
Chief Engr. Janjira	100-10-150 plus Rs.30 acting allowance

None of the above scales stand a comparison with our Class II scale viz Rs.170-500 (old) and Rs.220-650 (New)

As regards the responsibilities attached of the State Engr., Sangli, it may be true that they may not be equal to those of the State Engr., Kolhapur, but they cannot taking into consideration all the factors, be considered as less than those attached to the posts of Ex. Engrs. in this Deptt. Sangli was a fairly advanced State and had various kinds of P.W.D. activities. The State Engr. was the head of department and as such he had obviously to do administrative work also. In view of this, it does not seem proper to equate his duties and responsibilities to those of a Dy. Engr. in this Deptt. as suggested by the F.D.. The same principles hold good in the case of Asstt. Finance Department VIII.

Submitted with reference to the o.n. dated 6.10.51.

2. The P. W. D. has suggested that the responsibilities of the Executive Engineer of the former Kolhapur States were higher than those of Dy. Engineers but not equal to those Executive Engineers. In other words, according to the P.W.D. we should assume that the responsibilities of Asstt. Engineers were equal to those of Dy. Engineers though no such assumption can be made in respect of Ex. Engineers. Curious as this may seem, this Deptt. has no information on which we could judge the validity or otherwise of the suggestion. At the same time it appears that when no parallel can be drawn at the level of the Executive Engineers it would be of no use to try to establish a parallel at a lower level. Similar, for the reason fully discussed in the office note referred to above it would not be correct to equate the responsibilities of the State Engineers of Sangli, and the other smaller states with those of an Ex. Engineer and Dy. Engineers respectively merely because they were heads of Deptts. or because the local officers have so certified. The argument that we should

take.....

take into account the hypothetical position they would have occupied if they were to join the P.W.D. from the begining, it is respectfully submitted, it is not quite relevant for the purpose of rule 2(b) of the P.&S.D.C.R., though some such criterion may have been adopted for the purpose of grant of higher starting pays to newly recruited candidates. In the circumstances, it is for consideration whether we should adhere to the view already expressed by this Deptt. or agree to the proposal made by the P.W.D. which has claimed to be in a better position to assess the responsibilities and status of the engineering officers according to the definition of "cadre" given in Besides rule 2(b) of the P.& S.D.C.R. it is for the Head of the Deptt. (who in the present case is the Chief Engineer P.W.D.) who is to issue the requisite certificate. We have already recorded our point of view and if the P.W.D. still holds on to its proposal, we may not perhaps object. The point is, however, for orders.

I am not convinced that the view previously taken by me calls for a change. Secy. may kindly see for decission.

The conditions in the various States were widely varying and it will not be possible to adopt the strict logical attitude adopted by D.S. If that were so, we would have to find a corresponding grade for every varying grade in the State service. Having regard to the facts explained by the P.W.D., I accept the proposal made by that department.
